“ There’s not a day that goes by that you don’t cross my mind, I’ve been missing you so much more day after day. It still doesn’t seem real and sometimes I start to get mad at the world and push people away, I’m just missing you so much and I don’t know what to do. My heart melts everytime I hear your name and I just wanna break down in tears. I’m lost without you if I could have one more laugh with you or one more dance with you that’s all I want if I could just hold you one more time. I was so use to seeing you everyday that I didn’t cherish the moments as much as I should. Grandma I’m tryna make it without you, we’re tryna be strong down here I hope your dancing in the sky with the rest of our family. I just wish I could have said goodbye. Thank you for everything you have done for me little woman you were more than just my grandma you were another mother to me I remember growing up you would get me dressed for school, tell me right from wrong you taught me so much I don’t even know where to start. You left a mark on so many people and we love you for it! I’m sorry for all of our little arguments and fusses. I really need you right now , until we meet again I miss you grandma and I love you so much. I know your here with me I just wish I could hold you one last time. 😞💔
