“ I really miss you Charlie Boy . This still haven't registered with me yet. You will always have a special place in my heart. Our family welcomed me right in. I love you and I miss you so much . But I realize that now I have another guardian angel watching over me. Lastnight I started crying but it felt like I could hear your voice saying Baby it's gone be alright . In my heart you will always be my dad. I love you 💜

“ *Charles Anthony Hunter was a second father to me. I didn't call him Charles I called him Tarzan because of the way he would go from tree to tree. He became apart of my life when I was 6 years old and I'm 15 now. He treated me just like I was Pinky Shae . It hurt me to know that you are gone because of the memories that we made. Biologically you are not my dad but in a way you are . You provided for me and you loved me just like I was your daughter so I'm yours. Even after you and my mom separated I still called and you would talk to me . To find out something like this really hurt me. Tarzan I love you so much and if there was anything I could do to bring you back I would . Anytime I would get in trouble you would tell my mom leave that baby alone . I love you Charlie Boy. Signed: The Baby*
