“ I became friends with Darlene many years ago. I was a DJ at a local radio station in Mboro where she went to Chowan College. She was a wonderful person with a loving soul ! I will never forget her and her wonderful spirit ! May she rest in peace !

“ I grew up across the road from Darlene and her parents. I was always treated like a member of their family. Darlene and I lost contact as we so often do with creating our own families and lives away from home. But when my father became sick, she was one of the first people to reach out to me. And from then on she was my guardian angel. Now that I have returned to my childhood home, I am reminded of the good times growing up. I will dearly miss her support and words of encouragement. But she will always be with me in my heart.

“ *Darlene and I became friends on Facebook. We had a great time chatting through IM. Somehow, when she was talking about her pet{s}, I starting kidding her about her pet monkey. It stuck and we had many laughs about her "pet" monkey. I remember her speaking lovingly about her husband and how painful his death had been. She was a good egg and will be missed by many.*
