“ To my sister Ann.
Many say writing down your thoughts and sad feelings is good therapy. I'm not sure there are words to express the impact your passing has had on me. I know its only been a week and its natural to mourn the loss of a loved one but at times the pain is almost unbearable. You were always the quiet one but inside you were a pillar of strength who taught me so many things in your own unique way. I'm "trusting and believing" as you always said that brighter days are ahead. Take your rest and know that you were loved not only by me but by many friends, family and especially Solid Rock Baptist Church in Richmond VA. We placed Kevin's urn next to you so you will never be alone. Love you... your baby brother, Danny!

“ Paul and I remember our visit with Debra and were surprised to hear of her passing. It seems like we were just there and now-----she is gone.

When Debra came to visit us in Washington, DC, we had a good time together. We got home from work and she had prepared dinner. What we thought was a bowl of navy beans turned out to be pork chops smothered in white gravy.

One night we had gotten crab legs for dinner and did not know Debra was allergic to the obey seasoning. Boy, did she give us a scare! We thought she was going to get a job and stay in DC but she left her heart (Bk) in NC and decided to return home.

Thanks for the memories!!

Lovingly,
Paul and Jackie Robertson
