“ I am very saddened to hear of the passing of Ms. Odom. She was definitely one of my favorite teachers. She always pushed me because she saw something in me that I hadn't seen yet. I came back to visit her a couple of years after I graduated high school just to let her know that I was in college and I was doing well and I thanked her for pushing me, guiding me in the right direction but most importantly believing in me when so many others doubted me. My condolences to the family and may she rest in paradise.
