“*I was remembering our childhood when I use to babysit you and Donnell. You had a goal in life in which you pursued and achieved. You always had a special flare and finesse about you. My thoughts and prayers are with our family. May you rest in eternal peace. Your cousin Juanita Brooks*

“*Life is made up of a few moments all strung together like pearls. Each moment is a pearl, and it is up to us to pick the ones with the highest luster.*” – Joyce Hilfer

*Kim, you didn't let the moments in life pass you by without realizing how special they were. Life is precious, and in the end, it is made up of the special moments that are created, remembered, and carried with us throughout life. You did just that, and we will remember the moments as memories you created with us.
