“ *Meredith:*

I will cherish our side talks and laughter. You gave me so much insight on living. I will miss your advice and smile. I laugh when I think about your under the breath comments. Our last conversation seemed like yesterday, but will stay with me. You were in my life for awhile, but left an impression that has changed me. Thank you. I will miss you. I love you and I am so happy that I took to time to tell you. Friends are hard to come by and I am happy to say you were my friend!!! Rest well, my friend, rest well!

“ I can never forget the first time that Dr. Anthony came to work at the office. He was always joking around and he had his bad days. But he would always find a way to smile and make me laugh. I remember when we used to talk about life in general and how he would always encourage me to do better in life. He reminded me so much of my dad that to hear that he passed really brought tears to my eyes. I know that Hashem has taken him to a better place. I will always remember his words of encouragement, laughter and jokes. Miss you Dr. Anthony. May the Lord have him in his glory.

“ My children called Dr Anthony " Uncle Tony ". My daughter still remembers her visit to him because he gave her a pear. He had a wonderful bedside manner and an easy-going personality. He could be quite a joker at times! He will be sorely missed. Rest in peace Uncle Tony.

Thank you for allowing me the honor and pleasure of being your wife. You have been my soul mate and best friend for 25 years.

It was a beautiful and wonderful journey. I have so many incredible memories of the life we built together. People often call marriage an "institution", you made it a joyous celebration. My only regret, it was not long enough. I will love and cherish you always.

I know that you're resting peacefully in the arms of our Father. Until I see you on the other side.
