“ *When I met Hoppy for the first time, he was kind and you could just tell he had a nurturing personality and that he really loved people. So, when he married my best friend Bernice that made me very happy. He was a great dancer too and loved to have fun. Hoppy will truly be missed, but we look forward to seeing him in the resurrection. - John 5:28,29 Bernice, we love you! 🌸*

“ I have so many fond memories of Hoppy. He was a kind, loving and caring person. As a teenager I going to the Parkers' for the best gatherings; Hoppy was always the life of the party because he loved to dance.

I had the privilege of having him do my wedding vows. He also did the talk for my brother's funeral. No matter what you could always count on him. I will treasure every encouraging word, his smile, his warm greetings and most of all the love he had for Jehovah and everyone he came in contact with. I will truly miss him. I send my love and condolences to Marlon, Bernice and all of the Parker, Love and Richardson families. Much love to all.

“ To the Family Parker, **ESPECIALLY** Bernice, Marlon and Tasha...our hearts are in pain along with you.

It was not easy receiving the news of our friend falling asleep in death and no words can we find that can address this daunting moment.

*However, we join with all others to ask the God of ALL comfort, Jehovah, to provide that special comfort to you that **ONLY HE** can give.*

Lovingly, Debbie and Stephen Angelo Charity.

“ *Parker Family,*

Brother Parker was like a stealth airplane, quietly hovering around taking notice of the flock and forever there when you needed a listening ear. We have enjoyed being with and around the Parker family, ones like Marlon (his son) and Tasha (his daughter-in-law) throughout the years.

May Jehovah be there to comfort your broken hearts -Psalm 34:18

“ Hoppy, was my Star Trek watching partner growing up. I would rush and finish my homework and walk to watch it while my sister prepared dinner. Concerts, trips, gatherings or whatever, we could depend on having a way to get there. Hoppy was the brother-in-law growing up that could fix anything. We got old enough to get married and Hoppy married all of us. I have a lot of fond memories that will go with me into the New World and I will see him again (Job 14:15).

Hoppy, was a great hand dancer and he taught me how even though I never could do it as great, but learn to hold my own. He had every kind of 45 and albums you could think of and taught me to have an appreciation for different types of music especially Motown, which I still today think is the greatest of all. Can't wait till we All meet again in the Resurrection Reunion. What a joyful time that will be. Darlene R. Clanton.
