“ Frank please know that I feel deeply your sorrow, your burden and pain. You and the families have my deepest sympathy. We often ask why our loved ones must leave us for a part of us goes also. God gives and takes.
Through it all, we search for peace of understanding as to why it ended the way it did. Oddly, death has a way of bringing us closer to the master and reminding us that this is not our home. To help you stay focused may pleasant memories abound and may God give you the strength to endure.
